

**“The Military Claims Specialists”
Presents..**

SETOFF MADNESS!!

Government Setoffs need not be final!!

Until further notice, National Claims Services will review any claim setoff deductions over \$1,000.00 for ***FREE***. (*Under \$1,000.00 there's a \$50.00 fee, deductible from our percentage if we get a refund for you, and only charged if we find something to appeal*) We will simply keep half of any refunds. There is no charge if we don't get any money back for you. So go through those government setoff deductions, and send them to National Claims Services now!! ***There's easy money to be had!!***

It is now more critical than ever to respond to military claims and make your offer or denial in a timely fashion. Letting claims sit around has become one of the main reasons for placing carriers in non-use. Why risk it, especially when we can better adjudicate your claims with prompt investigation? Send your claims to NCS as soon as you get them, and solve all your problems at once.

We speak the language of military claims and can SAVE YOU MONEY!!
