SUBJECT: PowerTrack Fee Increase

Recently, the Fed announced that it would increase its prime lending rate to 4.50% from 4.25%. As a result of the change, the PowerTrack fee has increased to 1.43%. As in the past, we will assess this change to all future shipments billed that are picked up on or after 12/15/17, and on all SIT and supplemental invoices billed on or after 1/01/18.
