SUBJECT: Hours of Service Reform

Effective immediately, Commercial Motor Vehicle drivers who reach their 14-hour on-duty time cap while working at a customer's residence may use personal conveyance to drive their vehicles that still have shipments to deliver to the nearest safe resting location.

Personal conveyance is the movement of a commercial motor vehicle (CMV) for personal use while off-duty. A driver may record time operating a CMV for personal conveyance as off-duty only when the driver is relieved from work and all responsibility for performing work by the motor carrier.
