FROM: Tony Ruiz, DPS System Manager
SUBJECT: **National Forwarding Emails - Updated Format**

In response to feedback we have received regarding emails that are sent out automatically by our computer system, we are in the process of consolidating some emails and updating others.

In the upcoming weeks, you will begin to receive new versions of emails that are already being sent. Also, some emails that you are used to receiving will be stopped completely. Some emails that used to have attachments will now contain the information you need in the body of the email.

We expect the transition to go smoothly since we will make the content of the emails clear in the subject line. We appreciate any feedback that you may have regarding these updates.
