FROM: Michael Wilson, President

SUBJECT: Coronavirus / COVID-19 Update

Over the past 24 hours, we have been made aware of conflicting information coming from USTRANSCOM regarding their Stop Movement advisories.

Late yesterday, USTC issued [Advisory 20-0058](#) to the Service Headquarters and PPSOs advising of a Stop Movement to areas designated Level 3 and Level 2 by the CDC effective today, 13 March. Level 3 includes South Korea, most of Europe, Iran, and China. Level 2 is Global. This Stop Movement is for Household Goods (HHG) and Unaccompanied baggage (UB) until 12 May 2020.

This afternoon, USTC issued [Advisory 20-0059](#) to TSPs advising of a Stop Movement to areas designated Level 3 only. No effective dates are provided in the advisory.

Rest assured that we are working on clarification of the confusion within the advisories, but wanted to provide you with the information that we have at this moment. As soon as we have more information and clarity, we will provide further updates.

In the meantime, we ask that you remain patient as we work through these challenges. We understand the strain that the content of these advisories poses to your agency, and we will provide support in any way feasible. The most important thing is to keep everyone healthy and safe during this evolving situation.
