Agency Services Bulletin January 15, 2020

TO: Agents & Haulers of National Forwarding Co., Inc. & Affiliates
FROM: Steve Caruso, Manager, Agency Services
SUBJECT: Weighing Procedure REQUIREMENTS

It's a New Year, and we wanted to send out a reminder regarding the requirements for weight tickets, and providing the information to NFC promptly.

- Weights, including pro-gear weight, must be called into NFC within 3 government business days of the load date.
- Origin documentation, including weight tickets, must be sent to NFC within 3 government business days of the load date.
- If the shipment is going into SIT, per military regulation, NFC cannot request SIT from the base until the weights are provided.
- If a shipment is going into SIT and a reweigh request comes through while still in transit to the SIT agent, the reweigh must be performed by the hauler before NFC will request SIT from the base.

As a reminder, the following information is required to be considered a valid weight ticket (see below for example weight ticket):

1. Location of Scale
2. Date of Weight
3. Weights
4. Company ID
5. Shipper's Last Name
6. GBL Number
7. Weighmaster Signature
8. SCAC

These requirements help NFC avoid unnecessary Letters of Warning, and help to ensure that the agents and drivers are paid without deduction.

Additionally, linked is the [Distribution of Documents](#) sheet which outlines each agent's responsibilities, and where/who to send documentation.

Please contact [NFC Billing](#) or [Agency Services](#) with any questions.
